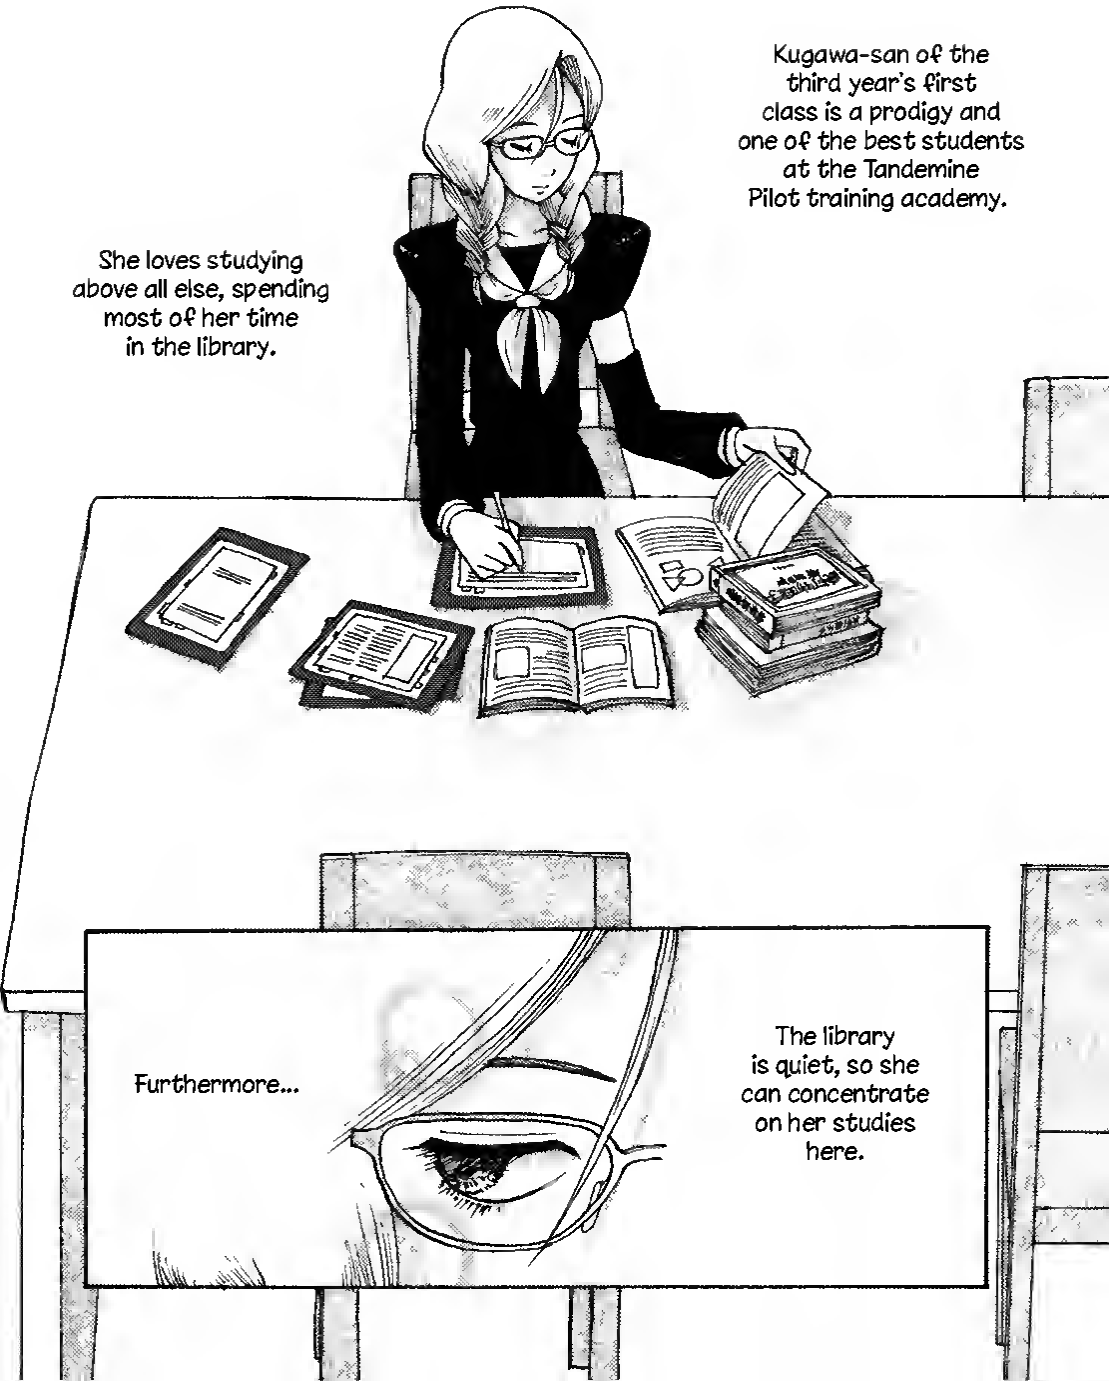
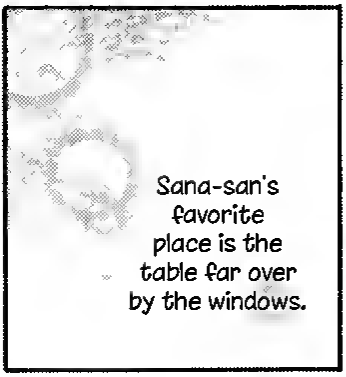
Chapter 2
Kugawa × Sana



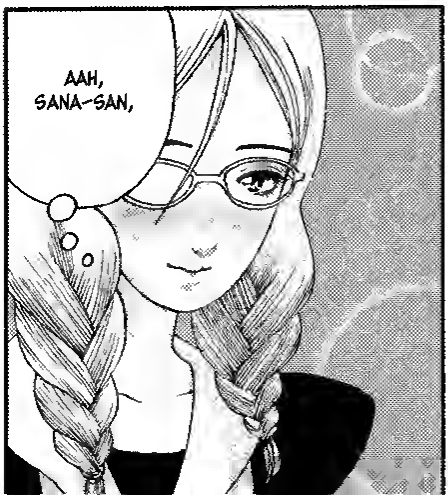
Kugawa-san of the third year's first class is a prodigy and one of the best students at the Tandemine Pilot training academy.
She loves studying above all else, spending most of her time in the library.
Furthermore...
The library is quiet, so she can concentrate on her studies here.

This is Sana-san of the third year's second class.



Sana-san's favorite place is the table far over by the windows.

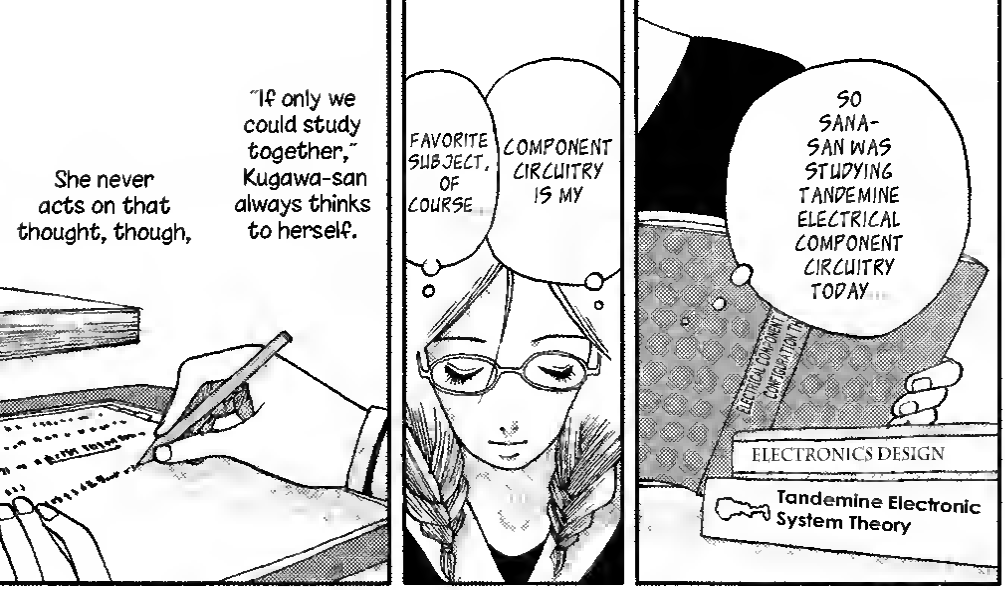
She is, of course, also a prodigy of the training academy.



AAH, SANA-SAN,

IF IT MEANT I COULD RECEIVE HER SERIOUS GAZE
SUCH A LOVELY FIGURE SHE HAS...
...JUST KIDDING.
Hehe
I'D LIKE TO BE A BOOK...

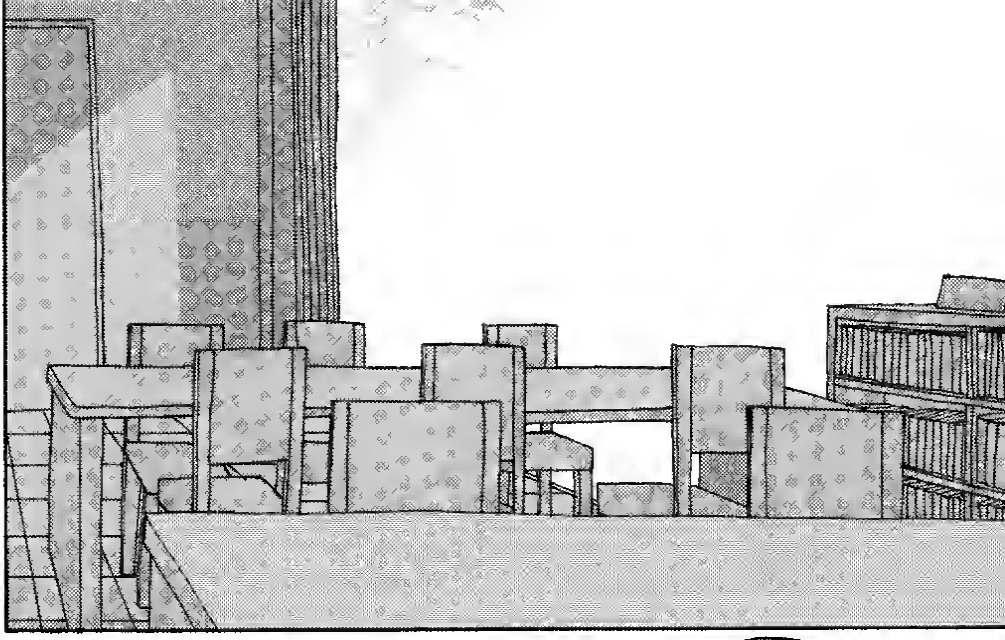
GOODBYE, SEE YOU TOMORROW.
sigh
I GUESS THAT MEANS SHE'S GOING HOME...
AH... SHE LOOKED AT THE CLOCK...
with Sana-san being the first to leave.
Usually, Sana-san gets to the library before Kugawa-san,
Of course, there are exceptions.

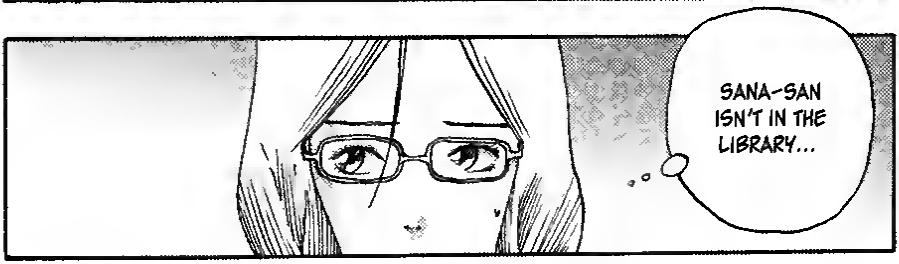


She never acts on that thought, though,
"If only we could study together," Kugawa-san always thinks to herself.
FAVORITE SUBJECT, OF COURSE
COMPONENT CIRCUITRY IS MY
SO SANA-SAN WAS STUDYING TANDEMINE ELECTRICAL COMPONENT CIRCUITRY TODAY...
ELECTRONICS DESIGN
Tandemine Electronic System Theory

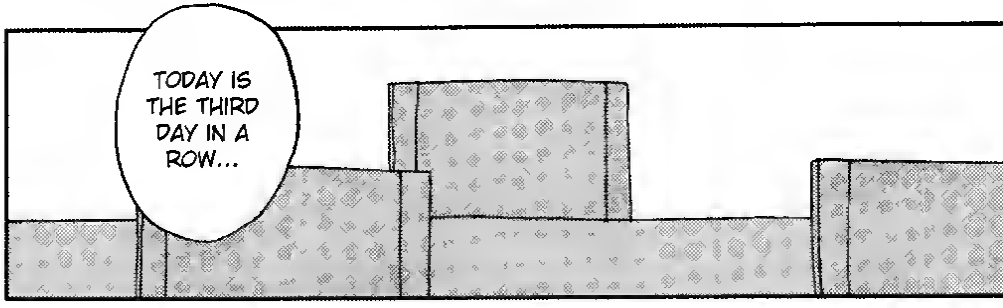
Just because of an impulsive decision or rash action.
because she doesn't want to lose this secret happiness she's found

However,

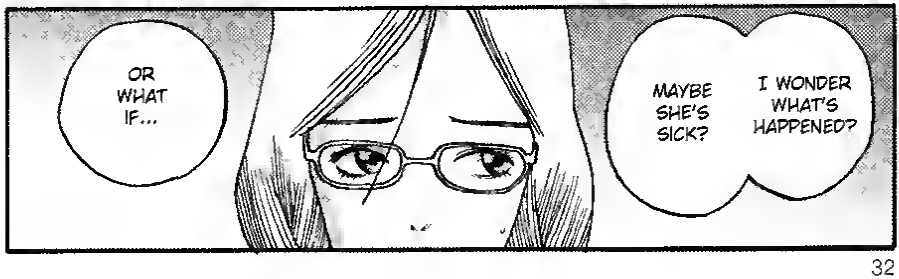




SANA-SAN ISN'T IN THE LIBRARY...

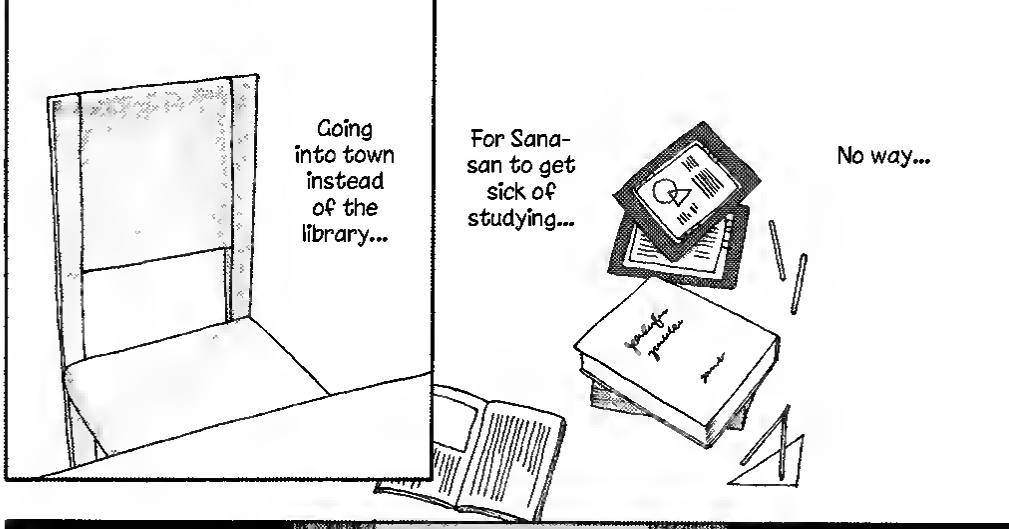


TODAY IS THE THIRD DAY IN A ROW...



OR WHAT IF...
MAYBE SHE'S SICK?
I WONDER WHAT'S HAPPENED?

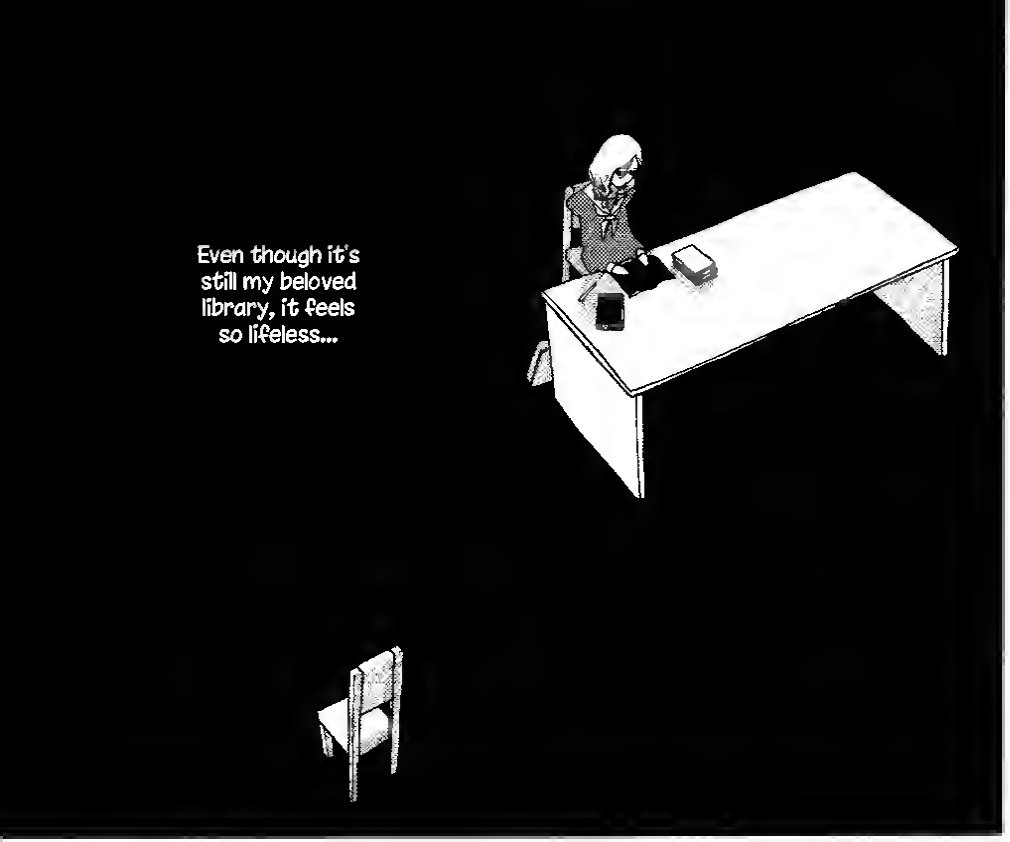
UM... EXCUSE ME...
YOU'RE FROM CLASS 2, RIGHT?
SANA-SAN? SHE SEEMS PERFECTLY FINE TO ME.
YEAH, SHE WAS REALLY ENERGETIC DURING GYM TODAY.
EH?
OH YEAH, LATELY SHE'S BEEN RUNNING OFF SOMEWHERE IMMEDIATELY AFTER CLASS ENDS.
OH YEAH, YOU'RE RIGHT.
SHE'S PROBABLY GOTTEN SICK OF STUDYING. I GUESS SHE'S GOING INTO TOWN TO HAVE SOME FUN



Going into town instead of the library...
For Sana-san to get sick of studying...
No way...

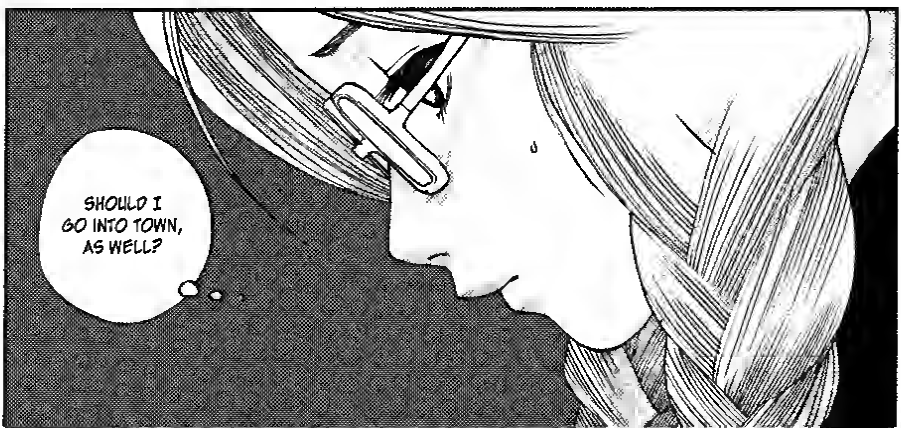
What do I do?
What do I do?

Sana-san....



Even though it's still my beloved library, it feels so lifeless...

I want to see you as soon as I can, Sana-san.
I want to see you...



SHOULD I GO INTO TOWN, AS WELL?

SHOULD I GO SHOPPING,
VISIT THE CAFE, OR KARAOKE?
WHAT SHOULD I DO THERE?
TO CHANGE OUT OF MY UNIFORM AND GO TO TOWN..
STUDYING IS WAY MORE FUN THAN ANY OF THAT.
THIS IS RIDICULOUS.
IT'S NO USE,
...?
...
...!

I bet Sana-san feels the same way!
Ha! Studying is obviously more fun than any of that!
The books that Sana-san has been reading so often, lately!
ELECTRONIC COMPONENT CIRCUITRY ADVANCED LEVEL
ELECTRICAL COMPONENT CIRCUIT CONFIGURATION THEORY
ELECTRONICS DESIGN
RB118
Tandemine Electronic System Theory
RB117

Component circuitry is all about the theory and practice of such modification!

Access Granted

Of course! Electrical component circuitry!!

ELECTRICAL COMPONENT CIRCUITRY CONFIGURATION THEORY

bang!

The electrical units in a Tandemine can have their connection configuration rearranged,

TNG VOY TOS ENT St

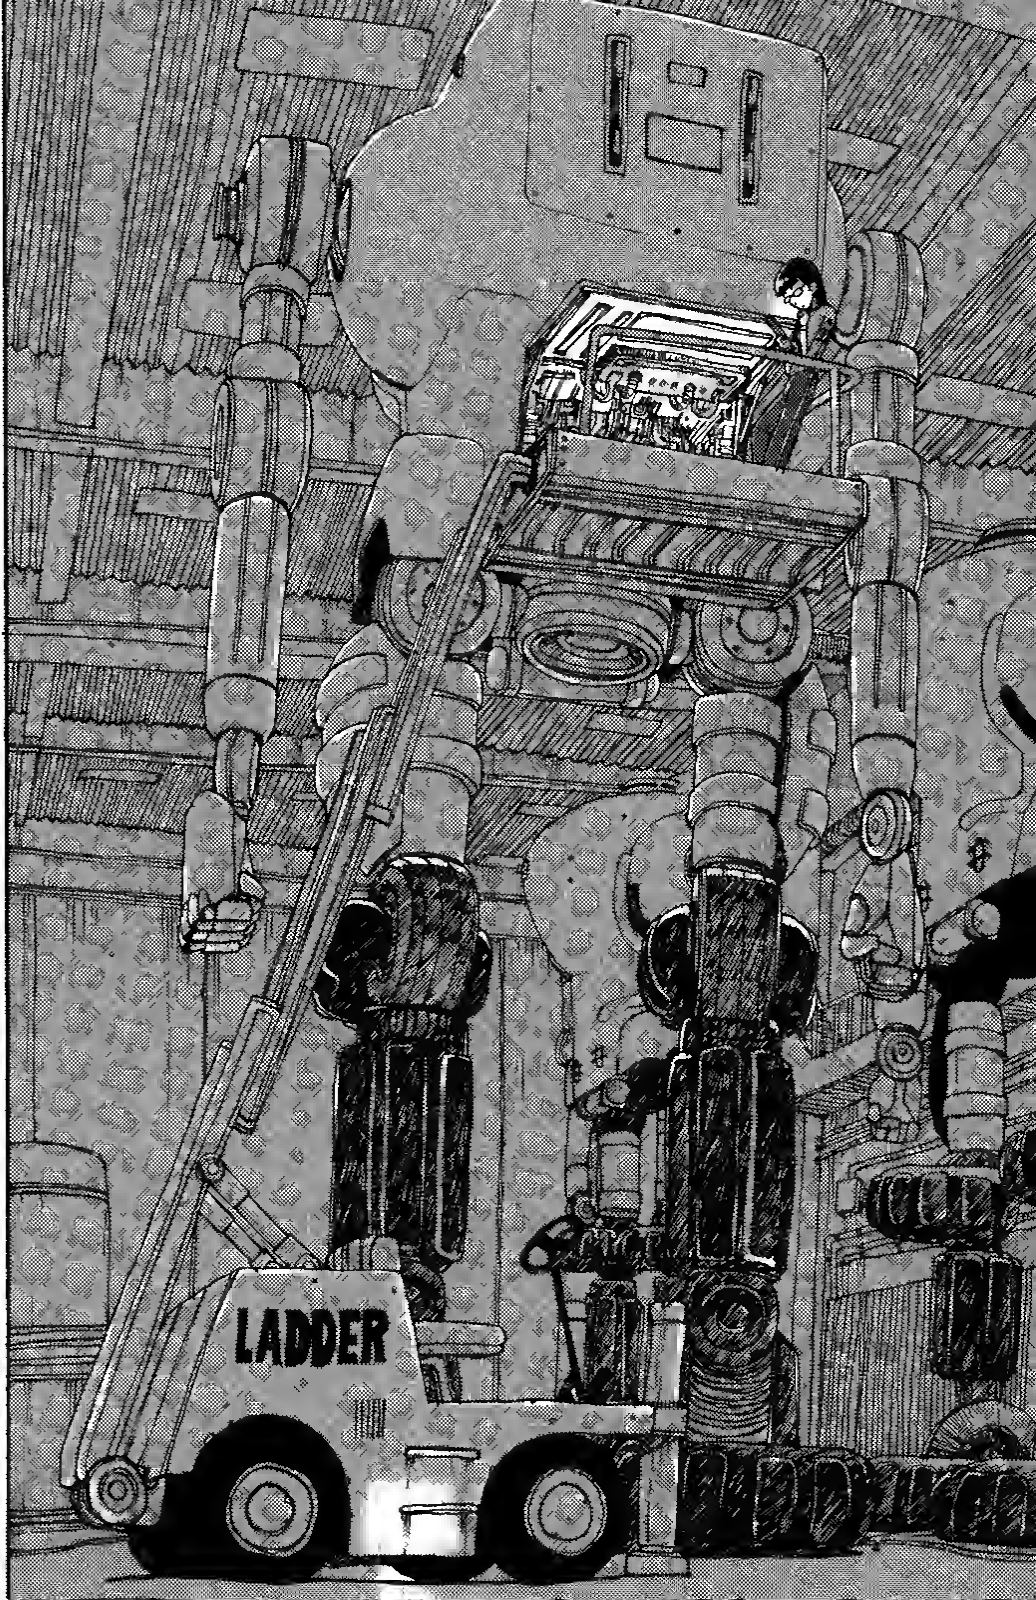
TNG TOS DS9 ENT St

which allows for infinite customization possibilities!!

TNG VOY TOS DS9 ENT St

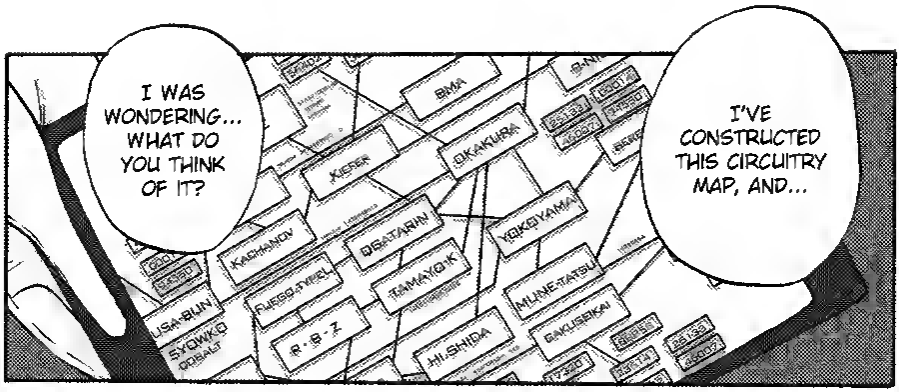
Which means that it's not the city she's going to, but...

Maintenance Bay 1
KIT

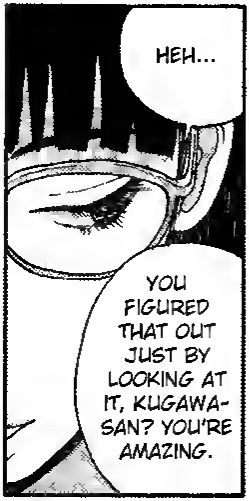


LADDER

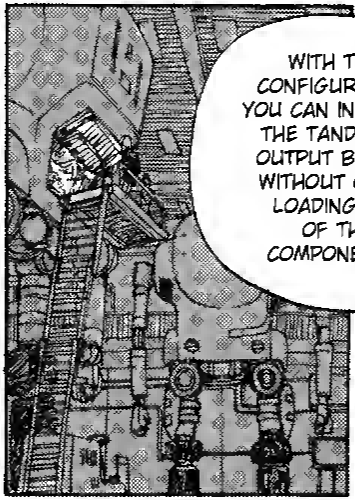
Pant
AAH, I WAS RIGHT.
SANA-SAN...
Pant
Pant
KUGAWA-SAN?
I HAVE A QUESTION I'D LIKE TO ASK YOU; DO YOU THINK YOU COULD ANSWER IT?
EH? UM...
Y-YES!
BAAM!



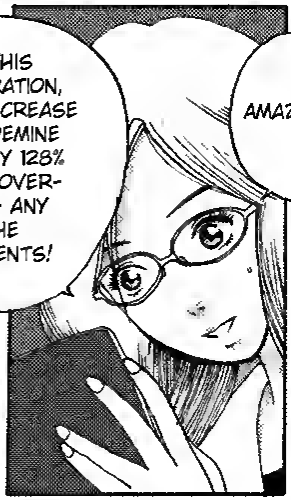
I WAS WONDERING... WHAT DO YOU THINK OF IT?
I'VE CONSTRUCTED THIS CIRCUITRY MAP, AND...
BIMA
KIEFER
KAGHANOV
SUESS-PAREL
R·B·Z
USA-BUN
SYQWIKD
MISHIDA
MINE-TATSU
GAKUSEIKAI



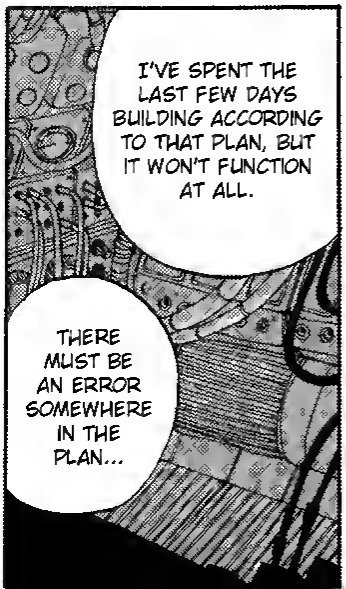
HEH...
YOU FIGURED THAT OUT JUST BY LOOKING AT IT, KUGAWA-SAN? YOU'RE AMAZING.



WITH THIS CONFIGURATION, YOU CAN INCREASE THE TANDEMINE OUTPUT BY 128% WITHOUT OVER-LOADING ANY OF THE COMPONENTS!



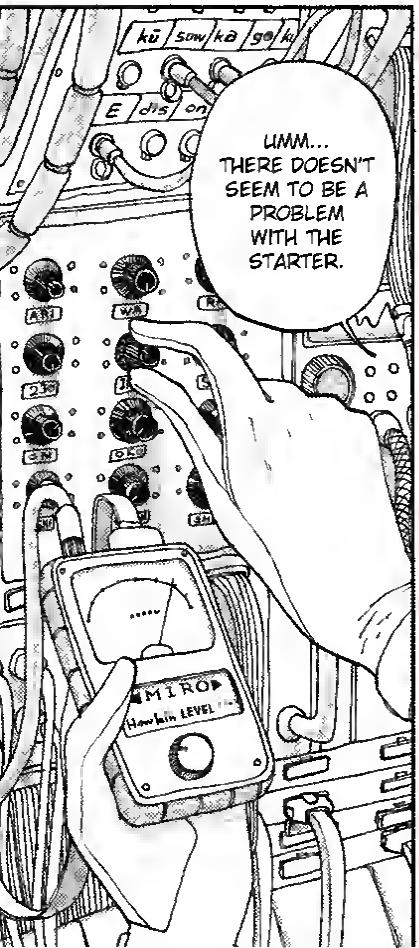
AMAZING...



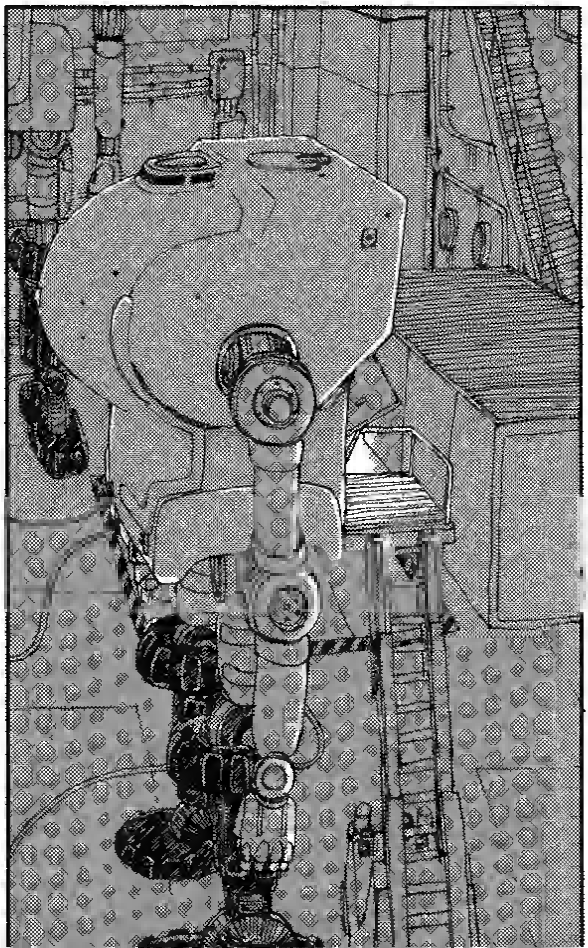
I'VE SPENT THE LAST FEW DAYS BUILDING ACCORDING TO THAT PLAN, BUT IT WON'T FUNCTION AT ALL.
THERE MUST BE AN ERROR SOMEWHERE IN THE PLAN...

BUT YOU SEE,
N-NO, I'M NOT... I'M JUST... UM...
HUH?!

C... CAN I SEE THE SWITCH-BOARD?!
UM...
THERE'S NOTHING WRONG WITH YOUR PLAN!
THERE'S NOTHING WRONG WITH IT!



UMM... THERE DOESN'T SEEM TO BE A PROBLEM WITH THE STARTER.
MIRO
Hawkin LEVEL



THE PROBLEM COULD BE THE CABLES.
THE INDIVIDUAL MODULES ARE FINE, TOO.
WHICH MEANS, HMM....
SO CABLES WITH A LOWER THRESHOLD COULD TAKE DAMAGE.
BUT DEPENDING ON THE CONFIGURATION, THERE COULD BE A SURGE IN THE FLOW,
HMM...
THE CABLES?
BUT UP UNTIL NOW, THEY'VE ALL BEEN IN FINE WORKING ORDER FOR OTHER OPERATIONS.
YES...

AH!
BINGO!
SEE?
AH, YOU'RE RIGHT!
BUT CHECKING ALL THE CABLES WILL TAKE AGES, WON'T IT?
beep
YEAH, BUT IF WE START WITH THE ONES THAT ARE MOST LIKELY...
Such as high speed F-LAN cables.
LET'S START HER UP!
AND THERE!
ON
beep
YOU DON'T NEED TO DO THAT.
ALRIGHT THEN, I'LL GO PLACE AN ORDER FOR A REPLACEMENT PART, AND THEN WHEN WE SWAP...
SEE? IF YOU CIRCUMVENT THIS AND THEN RECONNECT HERE...
ROOOAR

YEAH! DOESN'T IT SOUND GREAT?
WITH THIS CONFIGURATION, THE SYSTEM STABILITY SHOULD ALSO GO UP.
IT'S MOVING!
I... I'M SORRY!
I REALLY DIDN'T MEAN IT LIKE THAT... UM...
!!
SO MY CONFIGURATION WASN'T PERFECT, AFTER ALL...
I SEE,
WAIT!!
THE THEORY BEHIND YOUR CONFIGURATION WAS TRULY AMAZING! ...MY ARRANGEMENT WAS NOTHING BUT—
WHY DID I SAY SOMETHING LIKE THAT!!
NO, IT'S NOT THAT.

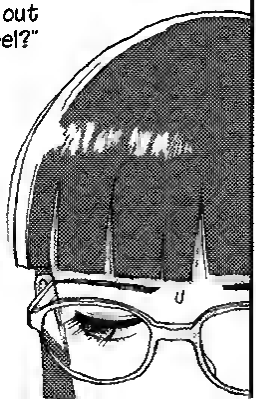
S... SANA-SAN?
I'VE BEEN WATCHING YOU EVER SINCE I WAS A FIRST YEAR.
I WOULDN'T EXPECT ANY LESS FROM YOU.
I'M GLAD.
...?!

I ALWAYS WANTED TO MEET YOU, SO I WENT TO THE LIBRARY EVERY DAY.
I EVEN STARTED WEARING GLASSES TO BE MORE LIKE YOU.
EVEN IF WE SAT APART, BEING ABLE TO SHARE THAT TIME WITH YOU...
IT MADE ME HAPPY.

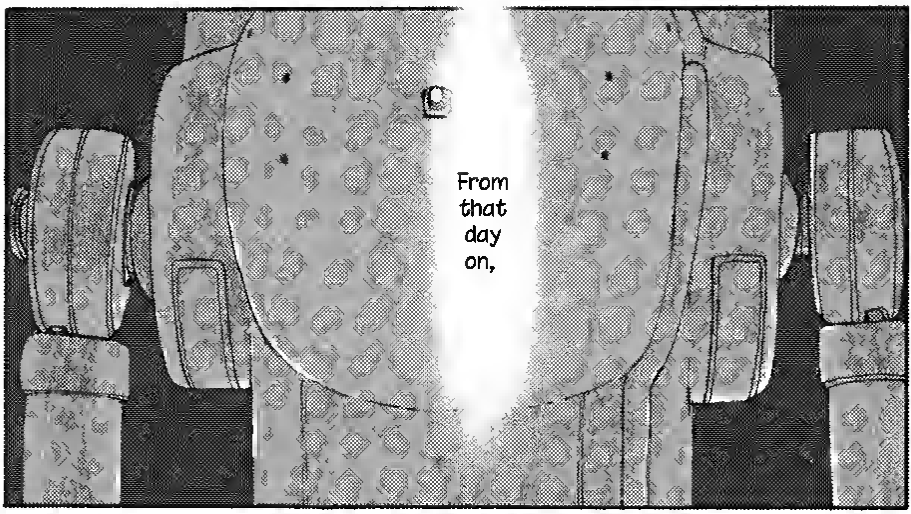
"Is she looking at me because she sees me as a rival for being top student?"

"Or has she figured out how I feel?"

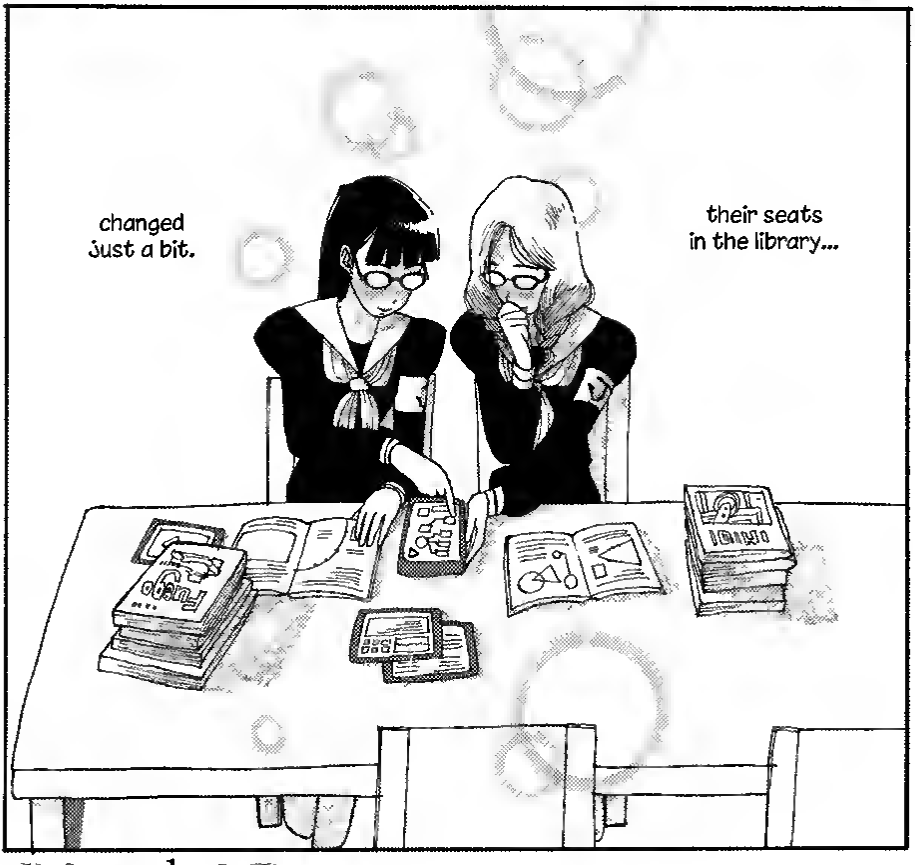
I was honestly really worried about it.



SO I DECIDED TO MAKE SURE,
"I... I, TOO, THOUGHT OF YOU...!
NO!
"ELECTRONIC COMPONENT CIRCUITRY"....
ELECTRONIC COMPONENT CIRCUITRY ADVANCED LEVEL
WITH YOUR MOST BELOVED SUBJECT.



From
that
day
on,



changed
just a bit.
their seats
in the library...

end
